

## Managen Sie Ihre HCL Connections Following Settings

**holistic connections following center** offers a comfortable overview of all personal „Followings“ and is an excellent navigation aid for HCL Connections.

### hcfc Advantages and Benefits:

- Complete overview of all personal followings.
- Clarity by exclusive display of own following's.
- Quick „Do not follow any more“ of the selected content via button
- Different sorting options make it easier to find content and help to set obsolete content to „Do not follow anymore“.
- Search options within the followings.
- User's account permissions are used to comply to security policies.
- and much more.

### hcfc Possibilities:

- Fast search of content through reduction of followings.
- The hcfc serves excellently as a Navigation help for HCL Connections, because the content can be opened directly in HCL Connections.
- All personal followings in one view.
- Simple sorting of content the user like to does not want to follow anymore.

The screenshot displays the IBM Connections user interface. At the top, a dark blue navigation bar contains the following items: 'IBM Connections', 'Home', 'Profile', 'Communities', 'Anwendungen', and 'Following Center' (highlighted with an orange arrow). Below this, the 'hcfc' (holistic connections following center) interface is shown. It features a search bar and five main activity categories: 'Activities' (1 followed), 'Blogs' (0 followed), 'Bookmarks' (2 followed), 'Communities' (26 followed), and 'Files' (2381 followed). A secondary window shows a list of followed content items, each with a title, description, and 'More' button. The items include:

- hc<sup>2</sup>e - holistic connections content... (hc<sup>2</sup>e Entwicklungsgemeinschaft, Vertrieb, Marketing)
- hcwm - holistic connections wiki... (Produkt holistic connections wiki manager)
- hcfc - holistic connections following...
- hcms - holistic connections mail... (Materialien zu unserem neuesten Produkt, dem holistic community mail service)
- hct - holistic connections toolbox (Sub-Community regarding holistic connections toolbox product development.)
